Letter of endorsement

**Dear the Nazareth School Graduation Batch of 1990,
Greetings and Happy 25th Anniversary wishes from Nazareth School**

This is officially to endorse the Nazareth School Alumina Association (NSAA) established in the State of Virginia, USA. I am very much pleased and grateful for the great step and commitment your Batch has assumed and taken the responsibility to authorize the Association. This is a very important landmark for the future of the NSAA in order to unit all the Graduation Batches and strengthens the relationship bond with the School. I assure you that the school administration will continue to work with you and with the Board Members of the NSAA to realize its mission.

Having said this, I take this opportunity to wish you a happy and a successful 25th Graduation Anniversary. This is a moment that we thank God for the gift of life and friendship started while you were students in Nazareth School and beyond the School life. It is also a moment that you need to celebrate the gift of life and your sisterhood. At the same time you need to remember those members whom we have lost over the years. May their souls rest in peace!

At this important 25th Graduation Anniversary event, I make a special request to all of you to continue to support the realization of the schools development project and the scholarship program for financially deprived female students in Addis. In order to improve its education qualities and give more opportunities for more Ethiopian female students we need your continuous support.

It is my heartfelt best wishes and prayer that may God bless your Anniversary and you all enjoy it to the full.

With kindest regards and best wishes.

Brother Betre Fisseha, FSC
Headmaster
